Student Admissions

Application Form

All students wishing to apply for entry into a qualification delivered by Skills Training Australia will be required to complete a Student Application Form. The application will need to be submitted along with colour certified copies of required documents.

Pre-Training Review

A Pre-Training review is an assessment of an individual’s current competencies including Language, Literacy and Numeracy skills in order to determine suitability for the chosen qualification. This will govern whether you meet the selection criteria and whether there is a need to provide any additional support whilst undertaking study.

Nursing students are required to sit and pass the Vetassess test. See: www.vetassess.com.au

Recognition of Prior Learning (RPL)

RPL is an assessment process that involves the collection of evidence against each unit in a qualification. An RPL assessment can be used to qualify for partial or full recognition in a qualification.

RPL must be offered and completed prior to the commencement of the structured training. The relevant Training Manager can make a time to discuss your application in more detail.

If you would like more information regarding RPL, please contact us or refer to the Skills Training Australia website.
Credit Transfer (CT)

Credit Transfer is where you may be granted acknowledgement on the basis of prior studies gained through other Registered Training Organisations or Education providers such as TAFE.

For example, you may have completed the same unit of competency at another institution undertaking another course; this will be recognised if the unit is the same both in terms of title and unit code number. In the event that a course title and/or code are not an exact match, a mapping process will be conducted to identify whether the unit requirements have been met. This also includes units/qualifications held from previous training packages.

Where Credit Transfer is being applied you must provide the unit, subject or competency information in the statement format and the original documents including the qualification and related statements of attainment must be produced.

Applications for credit transfer should be made prior to course commencement. Application is made to the Training who is responsible for the unit.

The granting of credit transfer may shorten the course duration and/or course cost; you will be advised of this upon finalisation of the credit transfer process.

### Practical Placement

#### What is Practical Placement?

Practical placement is structured workplace learning that prepares students for the workforce and enhances their employability skill set. It is a component of many courses, designed to help students better understand what they have learned by putting it into practice in a designated workplace.

For students, practical placement is an opportunity to:
- Learn in a workplace relevant to their qualification
- Practice skills over a period of time in real work situations
- Engage and learn from experienced staff members who will assist students put their theory into practice
- Have access to real technology, equipment, clients and organisational policies and procedures

#### Practical Placement Requirements

Practical placement is a mandatory component of all qualifications offered by Skills Training Australia. The amount of placement hours varies depending on the qualification, however if you are working in an industry relevant to your qualification your workplace sign-off can be completed by your employer.
**Traineeship Programs**

Whilst placement is not applicable to Trainees, there is a requirement for a 3rd party to sign a record for each unit of competency completed. The employer must also sign the Notification of Status Change form in order for Trainees to be finalised and issued the qualification.

Upon determining the requirement for practical placement the following documents will be provided to you with a confirmation letter outlining each party’s obligations:

- Practical Placement Agreement
- Work Placement Record
- Clinical Placement Log Books (for nursing only)

*Note: nursing students will undertake a series of clinical placements that are arranged by Skills Training Australia. See [Nursing Clinical Placement](#) for further information.*

We have strong partnerships with some of Australia's largest Community Services and Health providers; this means that our programs, student placement and even graduate employment opportunities have very strong support from industry. With this support Skills Training Australia will source and assist in the coordination of appropriate practical placement for students in their chosen qualification.

**Nursing Clinical Placement**

All nursing students will be required to complete 4 clinical placements over the duration of their course.

- Clinical Placement 1 – Aged Care (120 hours)
- Clinical Placement 2 – Sub Acute (80 hours)
- Clinical Placement 3 – Mental Health (80 hours)
- Clinical Placement 4 – Acute Care (120 hours)

All Bridging Nursing students may be required to complete 2 clinical placements as follows:

- Clinical Placement 1 – Sub Acute – if doing Medications (80 hours)
- Clinical Placement 2 – Acute Care – if doing IV (40 hours)

All Clinical Placements will be organised and paid for by Skills Training Australia. Should you be unable to attend the scheduled placement, you will be required to source your own host employer and cover associated costs.

**When can students go out on Placement?**

Before sending our students out on practical placement we must ensure that you are fully prepared and ready for the work environment. This includes confirming that a student:

- Has a current National Police Check
- Has a current Working with Children Card (if applicable)
- Is at a point in the qualification where practical placement can commence (through review of class attendance, current submissions and trainer feedback); and
- Has returned/signed all required placement documentation for the Host Employer.

**Can students source their own placement?**

We have strong industry relationships with preferred placement providers who are willing to support our students through placement. On commencement of your program we will review our current partners and find a suitable Host based on your field of training however, students may choose to source their own practical placement.

If you have found or been in contact with an organisation that is of interest to you, you must contact our Industry Placement Coordinator and provide the contact details for that organisation so we are able to undertake a review and confirm if the organisation is a suitable fit for your qualification.

*Note: we cannot guarantee that all student sourced placement can be secured.*
National Police Check

Students undertaking placement are required to obtain a National Police Check. The cost of the police check is borne by the student however Victoria Police offers a reduced fee for issuing National Police Certificates for student placements; Skills Training Australia will advise the student regarding eligibility requirements.

Where a student has been identified as having a disclosable outcome, it is up to the student to contact the Training Manager should he/she wish to disclose the outcome and discuss. The student is advised to contact the employer prior to placement to arrange an appointment to discuss the matter allowing the host employer to make an informed decision.

Note: The decision of the suitability of the applicant rests with the host employer where placement is to be undertaken.

The use and retention of the information contained on the National Police Certificate may be subject to State or Commonwealth legislation. The recipient is therefore urged to make own inquiries with respect to any applicable legislative obligations or requirements.

Police check application details and frequently asked questions can be found at the following site: www.police.vic.gov.au

How long does it take for a National Police Check to be processed?

For a National Name Check, please allow a minimum of 10 working days from the date of application. The process may be further delayed if information is required from interstate jurisdictions pertaining to the national name search.

You may contact the Public Enquiry Service on 1300 881 596 to check the status of your application or to make a booking for any services.

Skills Training Australia recommends that a police check be no older than 12 months.

Working with Children's Check

For certain qualifications, students undertaking placement may be required to obtain a Working with Children’s Check. This will be advised at the time of enrolment and the cost borne to the student.

Working with Children’s Check application details can be found at the following site: www.workingwithchildren.vic.gov.au/

General Information - Termination

Where a student is deemed ‘Not Satisfactory’ on placement, a repeat placement will be arranged as soon as practical. The cost for the repeat placement will be determined by the Industry Placement Coordinator (if applicable). Termination must be communicated verbally to each party immediately upon its occurrence, followed by notice in writing to each party giving the reasons for the termination.

Where can a student find more about placement?

Students can refer to the practical placement agreement for more information. This includes responsibilities of Skills Training Australia, Host Employer and Students before, during and after placement has been completed or alternatively you can contact our Industry Placement Coordinator for more information.

Refund of Tuition Fees & Re-crediting a FEE-HELP Balance

For eligible students (continuing with VET-FEE HELP until 31 December 2017), Skills Training Australia will repay a student entitled to VET FEE-HELP assistance any VET tuition fees that he/she may have paid for a VET Unit of study if the student withdraws from that unit on or before the census date.

Students who withdraw from a Unit after the published census date, or fail to complete a Unit, will not have tuition fees refunded and will incur a VET-FEE HELP debt for that Unit.
